

TRIAL 1

If we invest INR 500 every month, the total value comes up to INR 54,509. This is much lower than what we need. So, we will increase our monthly investment.

TRIAL 2

If we invest INR 2,000 every month, the total value comes up to INR 2,18,037. This is still less than what we need. So, we will increase our monthly investment.
