

1.2 What makes 100X Investment?

Searching for a 100x investment is incredibly hard because 100x takes a lot of time and research. Thus, we'll start by considering a 10X investment. And for these, we can only try. Out of 10 successful investments, maybe 1 of them goes to become 100x

We will be looking for 10X investments continuously over the next 7 to 8 years. Because a 15-year ideal time frame is too long to make any predictions. We will focus on identifying 10x companies and then see in a few years, if it has room to grow further.

Although it is rare for a company to grow 100 times its investment, when it does, a lot of wealth is created 1-2 100x investments can make all the difference in our investment journey.

For example, If a company's existing sales is Rs. 100 Cr.

Sales	x	Margin	=	Profit	
Rs. 100 Cr.		20%		Rs. 20 Cr.	) 30X Earnings
Rs. 1500 Cr.		40%		Rs. 600 Cr.
