

How will this book help you?

By avoiding common mistakes that retailer investors make.

By simplifying the analysis of complex stocks through various tools.

DISCLAIMER

.....

Many readers who will read this will not meet their end goal.

This is because if you don't put in the time and effort to complete and more importantly practice, then this might not have the result you expected.

But if we do it together this might take us on a very rewarding journey.

This book is a guide and is not meant to spoon feed you with research!
