

There are several other screens available, including the **Coffee Can Portfolio**, which is based on the book by **Mr. Saurabh Mukherjee**. This screen identifies companies that meet specific criteria such as **sales growth exceeding 10%, return on equity (ROE) exceeding 15%, an average return on capital employed (ROCE) over 10 years exceeding 15%, and a market capitalization exceeding 1000**. Companies meeting all these criteria are displayed, and additional conditions can be added or removed as desired.
