

>> lunge kick/kick punch

11 Starting with both feet together and hands on hips, kick one leg forward to hip-height, leading with the heel and flexing the foot. Return that leg behind to come into a lunge position resting on the toes. Repeat, making sure you keep your hips square and your knees always in line with your toes. Keep your tummy pulled in and your

spine straight. Repeat for a total of 8 times, then change sides and repeat for a total of 8 times.

12 Starting with your feet together and both hands held as fists under your chin, kick one leg forward to hip-height, leading with the heel and flexing the foot. As you return that leg behind you to rest it on its toes, punch the opposite arm across the body at chest-height. Repeat for a total of 8 times, then

change sides and repeat for a total of 8 times. Repeat Step 10.
