**7** With arms by your sides, bend both knees, then come up and kick one foot forward. Repeat for a total of 8 reps, then add a twist by turning your upper body and swinging the opposite arm to the kicking leg. Keep the arms shoulder-height and your hips square. Repeat, alternating sides, for a total of 8 reps.

**8** Stand tall with feet hip-width apart, arms stretched above your head, shoulders relaxed, and neck and spine in line. Slowly lower your arms and take your chin toward your chest, then round your back and slowly bend down toward the floor. When you are as low as possible, your hands should be relaxed and as

near to the floor as is comfortable. Take a deep breath into your lower back. Then, keeping your tummy pulled into your lower back, uncurl slowly, one vertebra at a time, until you have returned to a standing position.
