

## &gt;&gt; ski run/half jack

**13** Starting with both feet together, take a diagonal step forward and swing your arms across your body in the same direction. Bring the second foot to the first, then step to the other side and swing your arms the other way. Keep your knees bent and your body low to the ground. Take 4 steps forward, alternating from side to side in a skiing motion, then take 4 steps back in the same way for a total of 8 reps.

**14** Starting with both feet together, hands by your sides, and elbows slightly bent, keep one foot planted and step to the side with the other. At the same time, raise both arms above your head. Lower your arms as you bring the foot at the side back to center, then step to the other side to repeat. Repeat, alternating sides, doing 8 reps.
