5 Place your hands on your hips and bring your feet together. Take a small step forward with your right foot and let your right hip swing slightly sideways. Bring your right foot back underneath you. Repeat, taking a small step forward with your left foot, then bringing it back.

6 Then take a small step back with your right foot, again letting your hip swing to the right. Bring it back underneath you. Repeat back with the left. Repeat Steps 5 and 6 one more time.
