

>> plié shoulder circles/torso twist

- 1 Start with your feet hip-width apart and parallel. Bend your knees. As you straighten them, start circling your right shoulder forward. As you bend your knees again, you should finish the shoulder circle. Repeat with your left shoulder. Repeat, alternating sides for 4 reps (1 rep = both sides), then do 4 reps circling the shoulders backward.

isolate the
shoulder _____

- 2 Keep the feet hip-width apart and bend the knees. As you straighten them, twist the upper torso to the right, keeping the hips square (inset). As you bend the knees again, bring the shoulders back to center to repeat on the other side. Repeat, alternating sides for 8 reps.

hips stay still as
upper torso twists _____
