

>> ball change 1

5 Stand with your feet together and place your hands on your hips. Cross your left leg straight behind your right leg and bring your left shoulder slightly forward. Transfer your weight onto your left foot just enough to lift up your right foot and place it back down.

keep the weight
on the front leg

6 Bring your left leg back to center and repeat to the other side. Keep your navel pulled into your spine and your back long. Repeat Steps 5 and 6 for a total of 4 reps.
