

>> abs/quads

- 25 Lie on your back and lace your fingers behind your head with your knees bent and your feet hip-width apart. Inhale to prepare. As you exhale, lift your head off the floor using your abdominal muscles. Come up for 2 counts and then relax for 2 counts. Repeat 4 times. Now repeat 8 more times, but this time quickly, using 1 count to come up and 1 count to go back down. Always lift your head off the mat using your abdominal muscles and your arms.

- 26 Lie on your right side with your knees bent at a right angle in front of your body and your right arm out long. Relax your head on your outstretched right arm as you place your left hand on your left foot. Keeping your left leg parallel to the floor, gently pull your left foot behind you. Keep your back long as you stretch the front of your thigh.
