

>> shoulder shrugs/shoulder circles

- 1 With your feet hip-width apart and parallel, bend your knees over your toes. As you straighten your legs, point your right foot and tap the floor, lifting your shoulders toward your ears. Place your foot back and bend your knees to get ready for the other side (shown here). Repeat, alternating sides for 8 reps (1 rep = both sides).

lift shoulders
to ears

- 2 Continue bending your knees and tapping your toes on the floor, but now add a shoulder circle forward to each tap. Repeat 8 times forward, then 8 times back.

point the foot
with each
shoulder circle
