

>> forward & back 1

251

- 11 Relax your arms down by your sides and walk forward, starting on your right foot. Walk three steps forward and then bring your left foot to touch next to your right.

- 12 Then walk three steps backward and bring your right foot to touch next to your left. Keep your shoulders open and your head lengthening toward the ceiling. Repeat Steps 11 and 12 for a total of 4 reps.
