17 Repeat Grapevine 1 (Steps 9, inset, and 10) for 4 reps, then step sideways on your right foot, cross back with your left, and sideways again with your right. Now, instead of bringing in your left foot to touch, flex it and do a heel dig while lifting your shoulders and letting your hips swing forward. Repeat on the other side (shown here), then alternate sides for a further 3 reps.

18 Repeat Forward & back 1 (Steps 11, inset, and 12) for 4 reps, then jog 3 steps forward and step together. Jog 3 steps back and step together. When jogging, roll through your feet and keep your knees soft. Repeat 3 more times.
