

>> heel dig 2/box step 3

19 Repeat Heel dig 1 (Steps 13, inset, and 14) for 8 reps, then relax your arms by your sides and step on your right foot. As you cross your left foot in front of your right for the dig, bend your elbows and raise your shoulders slightly up and back as you lift your hips forward. Relax your arms back by your sides as you bring your left foot down to repeat on the other side (shown here). Alternate sides for a total of 8 reps.

20 Repeat Box step 2 (Step 15, inset) for 8 reps, then step forward on your right foot, bringing your left shoulder and arm forward. Then step forward on your left foot, with your right shoulder and arm coming forward. Finally, make 2 small jumps backward to your starting position. Repeat this step 8 times.
