

>> **sidelying waist stretch**

13

Lie on your side with your torso and legs in a straight line, feet pointed. Prop yourself up on your hands, one hand a little behind you. Lift your groin muscles towards your head, and lift your ears towards the ceiling. Inhale, lifting your abs as you rotate the hips forward. Look towards your feet.

14

Exhale. Tighten and firm the hips as you roll them backwards. Repeat 2 more times, inhaling as you rotate the hips forward, and exhaling as you roll them back. Turn onto the other side and repeat.
