49

15 Kneel up, with your knees under your pelvis. Use padding underneath your knees if you need it. Tuck your pelvis under and press the hips forward. Find your smile lines (see p.18). Reach your arms behind you and clasp your hands behind your back, without over-arching the back. Inhale, press your hips together, and squeeze your glutes. Lift your chest and stretch your hands behind you.

16 Exhale, relax your hands and come back to centre. Repeat another 2 times.
