21 Roll up to standing and place one foot ahead of the other, about your foot's distance and a hand-width apart. Hold onto something if you cannot keep your balance, otherwise fold your arms in front of you and hold onto your elbows. Firm the hips and pull your navel to your spine (see p.19). Inhale, then tuck your chin under and round your upper back, allowing your head to hang.

22 Exhale, scoop deeper into your spine, and lower your head to hip-height as if you were going over an imaginary fence. Repeat 2 more times, then change legs and repeat on the other side.
