

>> kneeling cat

13

Come onto your hands and knees. Extend one foot forward into a lunge position, hands on the floor either side of the front leg. Make sure the toes of the front foot are flat on the floor. Tuck the pelvis under and lean toward the back leg. Inhale, round the back, and look at the navel.

14

Open your mouth, exhale from the back of the throat, lengthen your lower back, then start arching your back and lifting your chest. Imagine you are looking under a table. Repeat, inhaling and rounding, and exhaling and arching. Repeat on the other side.
