

Let's look back in the book and find...

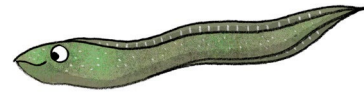

a donkey grazing

a tiny
seahorse

an ostrich running

an eel

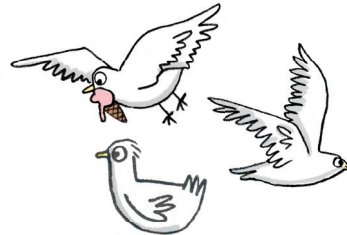

an iguana

If we can't find them all,
we can try again another day!

9 meerkats

3 seagulls

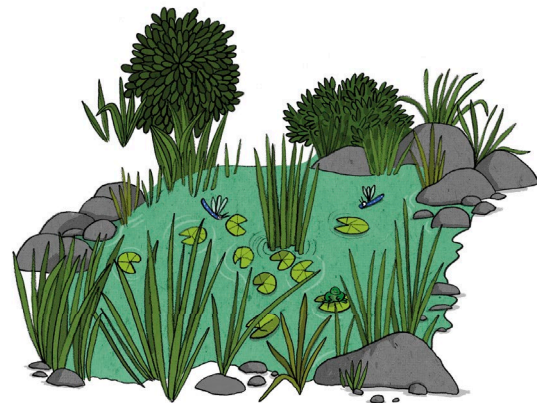

a rooster

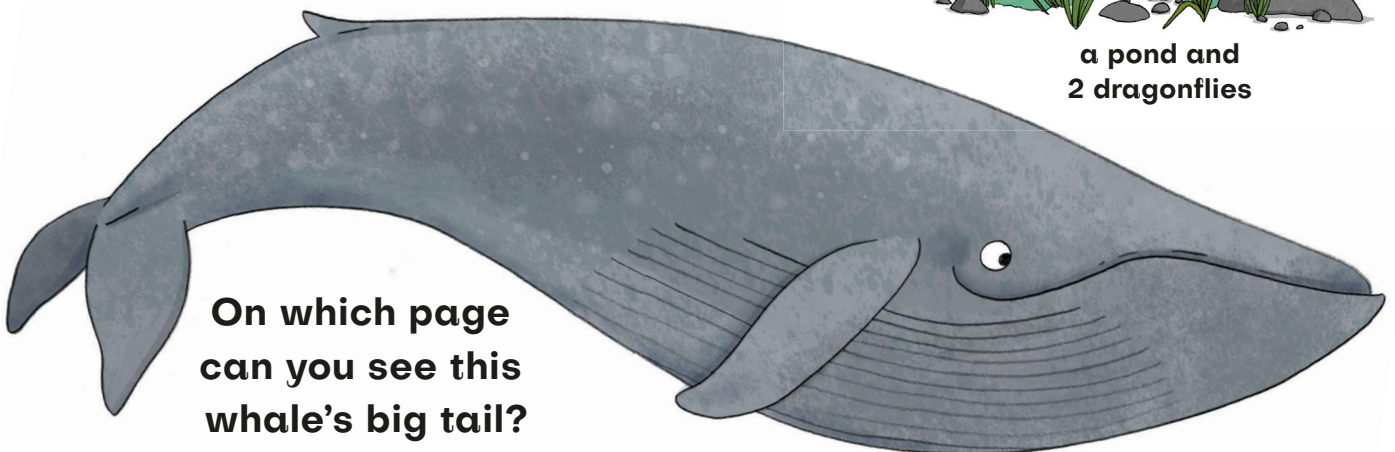

8 blue butterflies
(clue: 3 are on the farm,
and 5 are in the rainforest)

2 vultures

a pond and
2 dragonflies

On which page
can you see this
whale's big tail?
